

## LETTER OF EXPLANATION (LOE) Sample for Canada Study Visa Advanced 3D Animation & 3D Modelling Diploma

To,  
The Visa Officer  
Canadian High Commission  
**Subject: Canadian Study VISA Permit Request**

Respected Sir/Madame,

I deem it an honor to introduce myself as {Full Name}, bearing {Passport Number}, an aspiring candidate from India. I am writing this application to request the Government of Canada, to grant me a student visa upon my interest to pursue higher studies in the country. It gives me immense pleasure to inform you that I have already received an acceptance letter for pursuing Advanced 3D Animation & 3D Modelling Diploma from the esteemed Bow Valley College, Canada. With a heavy heart, I shall also inform that my application was previously rejected on some significant grounds and hence, this is a re-attempt of justify my intent to visit Canada, which is solely for academic purpose. I shall further endorse this application to submit an outline of my academic background, abilities, interests, and future, thereby proving myself as a prosperous candidate for extensive Canadian education and the course I am opting for.

**Refusal reason 1:** Your proposed studies are not reasonable in light of: your qualifications, previous studies, mark sheets, academic record, and level of establishment, language abilities, and/or your future prospects and plans.

Justification:

Academic Background and how it inspired me to be a part of technological industry  
Education has always been a matter of vital significance in my life. I have always appreciated the beauty in science and logic and have found my way to embrace the same in terms of academics. Taking the right decision to complement my analytical mind since high school, I had opted Physics, chemistry, and Mathematics as my primary subjects, which helped me develop a sharp mind.

During my high-school, when my peers were probably enjoying the teenage, I was on a quest to find a career that interests me the most. As a result, I was often fascinated with the technical workshops conducted in my school to encourage the youth about the possibilities of digitalization in the modern world. I had never missed even one of it; little did I know that it was preparing me for a passionate career. By the time, I passed my high-school with an aggregate of {Percentage} in {Year}, I was sure to proceed ahead in the computational field. Having an analytical background already, it wasn't very difficult for me to grasp the concepts. Hence, in {Year}, I joined {Institute} and was astonished with the learning of the subject.

### Professional learning and its relevancy to my chosen course

As a person determined towards continuous growth, it was never possible for me to limit myself within concepts offered by the textbook. I have always been on a lookout to strengthen my textual fundamentals by the right practical application of the same. With the same focus and vision, I started working as a freelancer for clients such as {Namely}. I basically took the contract based projects to design their logos, brochure, flyers, and other 2d designs. Working practically introduced me to a host of new possibilities and arenas of the industry, out of which 3D Animation and 3D Modeling caught most of my attention. Working and learning the concepts of this field made me feel that I am able to enjoy my work and am fascinated with each and every new prospect, I thrived to explore more. That very moment, I knew that if given a chance to gain knowledge in this field, I can fabricate colossal developments in the same. Hence, I made up my mind for higher studies. Moreover, this course is totally related to my background as I already have great knowledge on creating 2d designs and have worked professionally too for the same. Hence, this course shall provide an extra edge to my overall skillset.

### Reasons for choosing Canada

Boosting an Oscar-winning alumni accompanied by the most sprawling animation festival in the world, Canada becomes a perfect destination of academics for an animation enthusiastic like me. The Canadian education of animation and 3D modeling can be broadly categorized in its world-famous infrastructure, out-of-the box mentorship, and updated prospects provided to the students. Since decades, the animations colleges of Canada have been most praised across the world and the graduates are considered for the top positions, particularly in my home country, India – which is still in the developing stage of achieving high-technology. From Norman McLaren to Chris Landreth, this country is well-known for housing some animation pioneers and I expect to learn all that it has to offer.

I understand that a course with similar curriculum may be available in my home country; however, as I go in depth to research about the teaching methods and high-functional labs, I am not convinced with the prospects of India. I aspire to have the best fundamental foundation for a fruitful future and I am blessed to have a supporting family and adequate financials to arrange the same.

### Reasons for choosing Bow Valley College

Bow Valley College carries its prestige as a respected institution with an affinity to cultivate innovative thinkers and leaders. It provides a course that focuses on the learning of 3D animation, rigging, and 3D modeling, sculpting, texturing, and surfacing. Unlike all the other institutions, it will also give me an exposure imbibes the fundamentals of storytelling through acting and visual composition, look development, and basics of compositing. Getting a chance to gain 360 degree knowledge in production, art, observation, critical review, and soft skills will enable me to prototype my own compositions and shots from the concepts through to completion. Being a part of the diverse student body and working with intellectual minds will truly determine my growth in the field.

### Language Proficiency

So far, I have completed my entire education in English medium, which clearly demonstrates my proficiency in the required language. To further demonstrate the same, I have fulfilled the criteria of IELTS exam and secured an overall score of {Points} bands.

**Second reason for refusal:** The purpose of your visit to Canada is not consistent with a temporary stay given the details you have provided in your application.

Justification: With due honor, I would like to make it evident that my sole purpose of visiting Canada is to gain the knowledge I strive for and I shall definitely return within the stipulated time period. As a learned citizen of India, I understand the immigration rules and regulations imposed upon and assure to abide by the same. The primary reasons that assure my return are explained below

### Reasons to return to India

- 1. Future prospects in India:** The animation industry which was once dominated by the Western countries has now found a new hub in the developing India. It is one of the fastest growing career options in India. With a growing demand of film, television, entertainment, and advertising industry, an insatiable need for animations and special effects to allure the viewers has increased, which is directly proportional to the demand of more and more skilled animators in the country, thereby making it a lucrative career option. As per the recent survey reports, the animation industry employs more than 30,000 professionals every year; offering a minimum salary of 12 lakh per annum. After seeking my Diploma from Canada, I shall be considered amongst the top candidates, thereby securing the role of Animator in top companies such as {Namely}. The salary offered shall also provide a commendable return on my educational investment and I shall be able to prosper my career alongside my family in India. Hence, my decision to return is quite evident as having a career away from family is not an option for me.
- 2. Family ties in India:** Being the eldest child in the family, I have always been loved and supported by my parents. My parents are soon reaching their elderly age, when they shall expect the eldest son of the family to be by their side for emotional support. As a responsible son, it is my filial obligation to take care of my parents, while my younger brother has recently completed his high-school. He also looks upon me as his ideal and often expects me to help him in taking the right decisions in life. I not only understand my duty to guide him as an elder brother but also wish to set a good example for him with my professional success in India. Hence, my devotion to family assures my return to India.
- 3. Family assets in India:** As the eldest son of the same, I shall be the primary heir of all the family property. While my brother is young and my parents are reaching their old age, a regular attention for the safety and security of the assets shall in future require my presence in India. Hence, I shall definitely return within the stipulated time period.

### Financial Planning

Sponsors: I belong to a well-settled family in India. My father {Name} is working as a {Designation}. He has agreed to fully support me in my decision by funding my education and living expenses in Canada.
